CHAPTER 1 FISHING

2 CCR 406-1

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

ARTICLE I GENERAL PROVISIONS

#100 – DEFINITIONS

See also 33-1-102, C.R.S and Chapter 0 of these regulations for other applicable definitions.

- A. **"Artificial flies and lures"** means devices made entirely of, or a combination of, natural or synthetic non-edible, non-scented (regardless if the scent is added in the manufacturing process or applied afterward), materials such as wood, plastic, silicone, rubber, epoxy, glass, hair, metal, feathers, or fiber, designed to attract fish. This definition does not include anything defined as bait in #100.B below.
- B. **"Bait"** means any hand-moldable material designed to attract fish by the sense of taste or smell; those devices to which scents or smell attractants have been added or externally applied (regardless if the scent is added in the manufacturing process or applied afterward); scented manufactured fish eggs and traditional organic baits, including but not limited to worms, grubs, crickets, leeches, dough baits or stink baits, insects, crayfish, human food, fish, fish parts or fish eggs.
- C. **"Chumming"** means placing fish, parts of fish, or other material upon which fish might feed in the waters of this state for the purpose of attracting fish to a particular area in order that they might be taken, but such term shall not include fishing with baited hooks or live traps.
- D. **"Game fish"** means all species of fish except prohibited nongame, endangered and threatened species, which currently exist or may be introduced into the state and which are classified as game fish by the Commission. This includes, but is not limited to brown, brook, cutthroat, golden, Lake (mackinaw), and rainbow trout; splake (lake trout x brook trout hybrids); arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, striped, and white bass; wipers (striped bass x white bass hybrids); carp; bullhead, blue, channel, and flathead catfish; black and white crappie; drum; northern pike; tiger muskie; sacramento and yellow perch; sauger; saugeye (walleye x sauger hybrids); speckled dace; rainbow smelt; tench; walleye; bluegill,; bluegill hybrids (bluegill x green sunfish); green and pumpkin-seed sunfish; gizzard shad; longnose and white suckers; minnows (except brassy, plains, plains top, and suckermouth minnows).
- E. **"Float tube"** means a floating device which suspends a single occupant in the water from the seat down and is not propelled by oars, paddles or motors.
- F. **"Gig"** means a barbed fork with one or more tines which is attached to a handle.
- G. **"Jugs"** means floats to which are attached a line and common hook.
- H. **"Minnow"** means all members of the families of fish classified Cyprinidae (Carp, Chub, Dace, Goldfish, Minnow, Shiner, Stoneroller, and Tench) Cyprinodontidae (Killifish, Top Minnow) and Clupeidae (Gizzard Shad), except those designated as nongame, threatened, or endangered in

Chapter 10 of these regulations.

- I. **"Natural stream"** means an existing stream course where water naturally flows regularly or intermittently for at least part of the year. Ditches or other water conveyance channels which are man-made are not considered natural streams.
- J. **"Net"** means seine, dip net, gill net, cast net, trap net, hoop net or similar devices used to take or as an aid in taking fish, amphibians or crustaceans.
- K. **"Personally attended line"** means a rod, and line, hand line, or tip up that is used for fishing and which is under the personal control of a person who is in proximity to it.
- L. **"Common hook"** means any hook or multiple hooks having a common shank. All hooks attached to a manufactured artificial lure shall be considered a common hook.
- M. **"Size" or "Length"** means the total length of a fish with head and tail attached measured from the tip of the snout to the tip of the tail.
- N. **"Seining"** means the capture of live fish with the use of a net that hangs vertically in the water and is used to enclose fish when its ends are pulled together, or are drawn ashore.
- O. **"Snagging"** means the taking of fish by snatching with hooks, gang hooks, artificial flies or lures, or similar devices where the fish is hooked in a part of the body other than the mouth.
- P. **"Trotline"** means a single, anchored line with a float at each end from which droplines are attached.

#101 - SEASON DATES AND HOURS

- A. Except as otherwise provided in these regulations, all waters of the state shall be open to fishing using all manners of take day and night, year around.

#102 - LICENSE AND STAMP REQUIREMENTS

See also 33-6-107 C.R.S. for general fishing license requirements

- A. **A valid commercial fishing license is required to take or possess bait fish, amphibians, or crustaceans for commercial purposes.**
 - 1. Commercial fishing licenses shall be available from the Division at a cost of forty dollars (\$40.00). Applications for licenses are available from the Division. Licenses issued by the Division can be restricted to specific waters, specific bag limits and times designated by the Division on the basis of the following criteria:
 - a. Negative impacts on sport fishing opportunity.
 - b. Effects of commercial harvest on populations of target species.
 - c. Detrimental effects of transplanting a species outside its current range.
 - d. Presence of threatened or endangered species and species of special concern.
 - 2. All commercial fishing license holders shall submit an annual report as specified on the commercial fishing license application to the Division within thirty (30) days of the expiration date of the license.

3. The taking of mollusks listed in Chapter 10 is prohibited.

B. Free fishing dates - the following dates are open to fishing without a license in all waters of the state:
The first full weekend of the month of June.

C. Second rod stamp – Any person may use one additional (second) personally attended line statewide when a second rod stamp is purchased, as identified on the user's fishing license.

1. Any person under 16 years of age who is not required to have a fishing license must have a second rod stamp with their signature in possession in order to use a second personally attended line.

2. Second rod stamps are not transferable to any other person, nor do they confer fishing privileges to any person other than the license-holder.

3. A second rod stamp is not required when fishing with a trotline or jugs only.

#103 - MANNER OF TAKE

A. The following are legal methods of take for species listed in this chapter. Any method of take not listed herein shall be prohibited, except as otherwise provided by statute or these regulations:

1. One personally attended line, except as otherwise authorized in these regulations.

a. Each line shall have no more than 3 common hooks attached.

2. Trotlines

a. Trotlines may only be used on waters specified in regulation #108.

b. No one may use more than one trotline.

c. Trotlines shall be anchored, marked at each end by floats, be no more than 150 feet in length, have no more than 25 droplines, and shall be weighted to place the line a minimum of 3 feet beneath the surface of the water.

d. There shall be no more than 3 barbed hooks on a common hook on each dropline.

e. Trotlines shall be tagged with the user's name, customer identification number, and date set.

f. All trotlines shall be personally checked at least once in each 24-hour period.

3. Jugs

a. Jugs shall only be used only on waters specified in regulation #108.

b. No one may use more than 10 jugs, each of which shall not have more than a single line with one common hook attached.

c. Jugs shall be tagged with the owner or user's name and customer identification number.

d. Jugs shall be personally checked at least once every hour.

4. Underwater spearfishing, archery, and gigs

- a. Underwater spearfishing, archery, and gigs may be used statewide for the taking of carp. East of the Continental Divide, gizzard shad, and white or long-nose suckers may also be taken, unless otherwise prohibited in regulation #108. Other game fish species may only be taken when authorized in regulation #108 for a specific water. Lake trout may not be taken by underwater spearfishing.
- b. The following additional restrictions apply to underwater spearfishing:
 1. CO₂ guns or cartridge-powered spears are prohibited.
 2. Guns must be loaded and unloaded while the diver is submerged.
 3. Divers must stay within a radius of 100 feet of a float bearing the National Divers' Symbol.
 4. Spears must be attached by a safety line not to exceed 10 feet in length.
- c. Archery and gigs may be used for the taking of bullfrogs.

5. Snagging

- a. Snagging shall be used for the taking of kokanee salmon only, and only where specifically authorized in regulation #108.
- b. Snagged fish species other than kokanee salmon must be returned to the water immediately upon catch.

6. Seines and cast-nets

- a. Seines shall be used only for fish taken in accordance with regulation #104(H), the gilled form aquatic tiger salamander larvae, and crayfish; or when authorized for emergency salvage.
- b. Seines shall be made of one-fourth (1/4) inch or less non-metallic square mesh.
- c. Seines shall not exceed 20 feet in length by 4 feet in depth

7. By hand or with the aid of dip nets

- a. Bullfrogs, crayfish, and the gilled form aquatic tiger salamander larvae may be taken by hand or with the aid of dip nets.
- b. Fish may be taken by hand or with the aid of dip nets or any other method approved by the Director, when emergency public salvage of fish has been approved in accordance with regulation #104(G).
- c. Hand held dip nets may be used for fish taken in accordance with regulation #104(H).

8. Livetraps

- a. Cage or box traps, including set pots, shall be used only for the taking of crayfish, snapping turtles, and fish taken in accordance with regulation #104(H).

9. Artificial light

- a. Artificial light may be used as an aid in taking.

10. Bait

- a. Bait may be used as an aid in taking, except by chumming, in accordance with regulation #104(H).

#104 - SPECIAL CONDITIONS AND RESTRICTIONS

- A.** Any fish released upon catch must be released alive and into the same body of water from which it was taken.
- B.** When fishing through the ice, the following additional restrictions apply:
 - 1. Ice fishing holes shall not exceed 10 inches in diameter, or 10 inches on any side.
 - 2. All fires on the ice must be enclosed in a container.
 - 3. No litter may be left on the ice.
 - 4. On waters where only portable shelters are permitted, all ice fishing shelters must be removed from the ice at the end of the day.
 - 5. On waters where permanent ice fishing shelters are permitted; the name and customer identification number of the owner or user must be displayed on the outside, shore side, of the shelter, in legible, contrasting color letters at least 2 inches high.
- C.** Only those persons designated by the United States Fish and Wildlife Service may take fish, amphibians, mollusks or crustaceans within the boundaries of any Federal fish hatchery or rearing unit.
- D.** Molesting, disturbing, or damaging gill nets, traps, or seines set by the Division is prohibited.
- E.** Fishing may be prohibited as posted pending the adoption of water-specific regulations when necessary to:
 - 1. Protect threatened or endangered species.
 - 2. Protect spawning areas.
 - 3. Protect waters being used in Division research projects.
 - 4. Protect newly acquired access to fishing waters.
 - 5. Protect the integrity of sport fish, native fish or other aquatic wildlife populations.
- F.** Emergency Closure of Fishing Waters
 - 1. The Director may authorize emergency closure of fishing waters in the state for a period of up to 9 months when it is determined that environmental conditions in these waters are such that fishing could result in unacceptable levels of fish mortality. Such closures may be enacted when any one of the following criteria are met:

- a. Daily maximum water temperatures exceed 74 ° F or the daily average temperature exceeds 72 ° F;
- b. Measured stream flows are 25 % or less of the historical average low flow for the time period in question;
- c. Fish condition is deteriorating such that fungus and other visible signs of deterioration may be present;
- d. Daily minimum dissolved oxygen levels are below five (5) parts per million (ppm).
- e. When a natural or man-caused environmental event such as wildfire, mudslides, oil spills or other similar event has occurred, resulting in the need for recovery time or remedial action for a fish population

When such determination has been made; public notice will be given, including posting at the site.

G. Emergency Public Salvage of fish

1. The Director may authorize emergency public salvage when substantial numbers of fish in waters of the state are found to be in imminent danger of being lost. Such loss is deemed to be imminent when the volume and depth of water, water temperature and/or oxygen content are such that fish cannot survive. Measurements shall be made of these criteria as a basis for making a judgment on the total loss of fish and when such loss will occur, and will include:
 - a. Water storage levels in lakes, reservoirs, or ponds of less than twenty five (25) percent of total capacity or,
 - b. River or stream flow essentially eliminated with only pools left standing or,
 - c. Visual evidence of substantial numbers of sick or dying fish, or
 - d. Reclamation projects.
2. When such determination has been made; public notice will be given, including posting at the site, that fish may be taken by hand or by dip net, or any other method authorized by the Director. When practical the Director shall exercise this authority within fourteen (14) days of receipt of the information or at such earlier time as the emergency necessitates.
3. Numbers of fish to be salvaged and possessed by an individual shall be determined by Division of Wildlife personnel at the site.
4. Emergency salvage shall be permitted only during daylight hours.

H. Take, Possession and Use of Fish, Amphibians, and Crustaceans for bait, personal or commercial use

1. The seining, netting, trapping, and dipping of fish is prohibited statewide in all natural streams; springs; all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson, and Park counties; and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage.

- a. Fish handled or produced on commercially licensed aquaculture facilities are exempt from this regulation.
2. The only fish species allowed to be taken and used for consumption or personal use as bait (either alive or dead) by fishing, seining, netting, trapping, or dipping are minnows, bluegill, hybrid bluegill, carp, sunfish, gizzard shad, sculpin, white and longnose suckers, yellow perch and rainbow smelt. Statewide bag limits apply to sunfish, bluegill, hybrid bluegills and yellow perch.
 - a. Restrictions on Live Fish Used as Bait.

The use of, or possession of live fish for use as bait is prohibited in the following waters:

1. All waters east of the Continental Divide above 7,000 feet elevation
 2. The Arkansas River above Parkdale – Fremont and Chaffee counties
 3. Watson Lake - Larimer County
 4. All waters west of the Continental Divide, except in Navajo Reservoir.
3. The only fish species allowed to be taken for commercial use are minnows gizzard shad, white and longnose suckers and carp.
 4. Bullfrogs and Salamanders. The taking, possession and use of bullfrogs and the aquatic gilled form of the tiger salamander for private and commercial use is permitted. Statewide bag limits apply.
 5. Crustaceans. The taking, possession and use of any crustacean for commercial use is permitted, subject to the following conditions:
 - a. The minimum size for crayfish taken for commercial food purposes shall be three (3) inches. (Measured from the tip of the acumen (bony spike between the eye) to the telson (last bony plate in the tail).
 - b. All crayfish taken with eggs attached must be returned to the water immediately.
 - c. All set pots and traps shall be labeled with the name, address and license number of the license holder.
 6. Mollusks. The taking of mollusks for personal or commercial use as bait is prohibited.

#105 – VACANT

#106 - FISHING CONTESTS AND RELEASE OF TAGGED FISH

A. Fishing Contests using tagged or marked released fish

1. No person shall advertise, promote, conduct or offer to conduct any fishing contest where the object of such contest is to take marked or tagged fish released in any waters open to public fishing, except licensed commercial and private lakes, or release marked or tagged fish for this purpose, unless such contest is first approved by the Director.
 - a. Application shall be made on a form provided by the Division at least sixty (60) days prior to the proposed contest date. Such application shall be accompanied by a

nonrefundable fee of forty dollars (\$40.00).

- b. Approval shall be granted to any person meeting the requirements of this regulation unless the Director determines the proposed contest would be significantly detrimental to the wildlife resource. In such cases, approval may be granted if conditions can be placed on the conduct of the contest which will avoid such detrimental effects. When an application for a contest is denied the applicant shall be promptly notified with a written notice stating the reason(s) for such denial.
2. Contests involving tagged or marked trout will be permitted only on lakes and reservoirs greater than 200 surface acres and managed primarily as a catchable fishery by the Division of Wildlife. "Catchable fishery" means any lake or reservoir which is annually stocked with hatchery reared trout averaging eight (8) to ten (10) inches in length.
3. No tagged or marked fish contest shall be permitted on any stream, river or other flowing water or any water designated as a Gold Medal or Wild Trout water.
4. Written approval shall be obtained from the person(s) or agency(s) who owns or controls the land and water area involved prior to making application to the Division
5. All statutes and regulations including license provisions, manner of taking, size restrictions and daily bag and possession limits for fish shall remain in effect during any contest.
6. Any public fishing area shall remain open to public fishing without charge, regardless of any special contest fee or changes, during a fishing contest.
7. All fish obtained for use in any contest shall be certified disease free in accordance with #009, prior to release.
8. Contest sponsor(s) shall provide a written report to the appropriate Division of Wildlife office within twenty (20) days of the close of such contest. Said report shall include an estimate of the number of participants, the average time spent by participants in fishing and the estimated total fish catch by species.

#107 – STATEWIDE DAILY BAG AND POSSESSION LIMITS AND SPECIAL SEASONS [Eff. 01/01/2009]

A. Daily Bag, Possession Limits and size limits:

1. Daily bag and possession limits –**except as otherwise provided in these regulations for certain waters**, the daily bag and possession limits will be as follows:

Species	Daily Bag and Possession Limit (except as otherwise noted)	Special Conditions
a. Trout (Rainbow, Brown, Cutthroat, Golden, Lake, Splake, and Brook; Arctic Char, Salmon (except kokanee), and Grayling:	Daily Bag: 4 fish in the aggregate. Possession Limit: 8 fish in the aggregate	Brook Trout: additional daily bag and possession limit: 10 fish, 8 inches or less in length
b. Kokanee salmon:	10 fish	.
c. Walleye, Saugeye,	5 fish in the aggregate	Arkansas River drainage:

Sauger:		10 fish in the aggregate, except waters protected by minimum size restrictions, in which case the limit is five
d. Largemouth Bass, Spotted Bass, and Smallmouth Bass:	5 fish in the aggregate	.
e. White Bass, Striped Bass, Wiper:	10 fish in the aggregate	Arkansas and South Fork of the Republican river drainages: 20 fish in the aggregate
f. Channel Catfish, Blue Catfish, Flathead Catfish:	10 fish in the aggregate	.
g. White Crappie, Black Crappie:	20 fish in the aggregate	.
h. Bluegill, Hybrid Bluegill, Green Sunfish, Pumpkinseed Sunfish:	20 fish in the aggregate	.
i. Yellow Perch:	20 fish	West of the Continental Divide: Unlimited
j. Tiger Muskie:	1 fish, at least 36 inches in length	.
k. Northern Pike, Whitefish, Bullhead:	Unlimited	.
l. Speckled Dace, and Sculpin:	Unlimited	West of the Continental Divide: 20 fish in the aggregate
m. Bullfrogs	Unlimited	.
n. Crayfish (crawdads)	Unlimited	.
o. Aquatic Tiger Salamander larvae (gilled form)	50, less than 5 inches in length	.

2. The daily bag and possession limit for game fish with established limits when taken by underwater spearfishing in accordance with regulation # 103, is 2 fish. *Eff. 05/01/2008*
3. Any fish caught and placed on a stringer, in a container or in a live well, or not returned to the water immediately, will be counted as part of the established daily bag or possession limit. Any fish taken and subsequently smoked, canned, frozen or otherwise preserved for consumption is considered part of the established possession limit until it is consumed. *Eff. 05/01/2008*
4. There are no daily bag or possession limits for game species not specifically listed. *Eff. 05/01/2008*

ARTICLE II – SPECIAL REGULATION WATERS [Eff. 07/01/2009]

#108 – Special Daily Bag and Possession Limits, Size Restrictions, and Other Water-Specific Provisions” [Eff. 07/01/2009]

A. Various cutthroat waters, specifically those considered Cutthroat Conservation and Recreation waters, are protected throughout the state as listed below. In those waters:

1. Fishing is by artificial flies and lures only. All cutthroat trout must be returned to the water immediately upon catch.

Note: This is to accommodate the growing number of cutthroat trout streams and lakes that are being included in conservation and recovery actions according to management plans.

B. In place of or in addition to regulations # 101, 103, 104, 105, 106, 107 (bag and possession limits, manner of take, fishing dates, fishing hours, special conditions and restrictions, or other fishing activities), and 108 A, the following regulations apply to the named waters:

Note: Additional conditions and restrictions for state wildlife areas are found in Chapter 9.

1. Abrams Creek – Eagle County

- a. Cutthroat trout regulation #108 A applies.

2. Adams County Fairgrounds Lakes (Public Works and Mann Lakes) – Adams County.

- a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

3. Adobe Creek Reservoir (Blue Lake) – Bent and Kiowa Counties

- a. Trotlines and fishing with jugs are permitted.
- b. The bag and possession limit and minimum size for walleye and saugeye is five fish in the aggregate, 15 inches in length.
- c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

4. Agnes Lakes – Upper and Lower – Jackson County

- a. Fishing is by artificial flies and lures only.
- b. The bag and possession limit for trout is two fish.

5. Akron City Lake – Washington County

- a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

6. Alberta Park Reservoir – Mineral County

- a. Cutthroat trout regulation #108 A applies.

7. American Lakes (Snow Lake and Michigan Lakes) – Jackson County.

- a. Fishing is by artificial flies and lures only.
- b. The bag and possession limit for trout is two fish.

8. Animas River – LaPlata County

- a. From the confluence with Lightner Creek to the Rivera Crossing Bridge:
 - 1. Fishing is by artificial flies and lures only.
 - 2. The bag and possession limit and minimum size for trout is 2 fish, 16 inches in length.

9. Antelope Creek, West – Gunnison County

- a. Cutthroat trout regulation #108 A applies.

10. Antero Reservoir – Park County

- a. Ice fishing shelters must be portable.
- b. The bag and possession limit for trout is two fish.

11. Apache Creeks, North and South – Huerfano County

- a. Fishing is prohibited above the US Forest Service boundary.

12. Arapahoe Bend Natural Area (Bass, Beaver, Cormorant, and Snapper Ponds) – Larimer County

- a. The minimum size for smallmouth and largemouth bass is 15 inches in length.

13. Arapaho Creek – Grand County

- a. From Monarch Lake downstream to Forest Service Rd 125.
 - 1. Fishing is by artificial flies and lures only.
 - 2. The bag and possession limit for trout is two fish.

14. Archuleta Creek – Saguache County *[Eff. 07/01/2009]*

- a. That portion on the Cochetopa State Wildlife Area (Snyder Ranch):
 - 1. Fishing is by artificial flies and lures only.
 - 2. All trout must be returned to the water immediately upon catch.

15. Arkansas River – Chaffee, Fremont, and Lake Counties

- a. From the US 24 river overpass downstream to the lower boundary of the Hayden Ranch, as posted:
 - 1. Fishing is by artificial flies and lures only.

2. The bag and possession limit for trout is 1 fish under 12 inches in length.
- b. From the Stockyard Bridge (Chaffee Co Rd 102) below Salida 7 ½ miles downstream to the confluence with Badger Creek.
 1. Fishing is by artificial flies and lures only.
 2. All rainbow trout must be returned to the water immediately upon catch.

16. Arkansas River, Middle Fork of the South Arkansas – Chaffee County

- a. From the headwaters downstream to Boss Lake
 1. Cutthroat trout regulation #108 A applies.

17. Augustora Creek – Archuleta County

- a. Cutthroat trout regulation #108 A applies.

18. Aurora (Senac) Reservoir – Arapahoe County

- a. The bag and possession limit for trout is two fish.
- b. The minimum size for largemouth and smallmouth bass is 15 inches in length.
- c. The minimum size for walleye is 18 inches in length.
- d. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

19. Bard Creek – Clear Creek County

- a. From the headwaters downstream to the confluence with the west fork of Clear Creek.
 1. Cutthroat trout regulation #108 A applies.

20. Barker Reservoir – Boulder County

- a. Ice fishing is prohibited.

21. Barr Lake – Adams County

- a. The minimum size for walleye and saugeye is 15 inches in length.
- b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

22. Bear Creek – Conejos County

- a. From the headwaters downstream to the confluence with the Conejos River:
 1. Fishing is by artificial flies and lures only.
 2. The bag and possession limit for trout is two fish.

23. Bear Creek – El Paso County

- a. Fishing is prohibited from the headwaters downstream to High Drive.

24. Bear Creek – Jefferson County

- a. From the base of Evergreen Lake dam downstream to Bear Creek Reservoir:
 - 1. Fishing is by artificial flies and lures only.
 - 2. The bag and possession limit for trout, except rainbow trout, is two fish.
 - 3. All rainbow trout must be returned to the water immediately upon catch.

25. Bear Creek – Montezuma County

- a. From the headwaters downstream to the confluence with the Dolores River:
 - 1. Fishing is by artificial flies and lures only.
 - 2. The bag and possession limit for trout is two fish.

26. Bear Creek Reservoir – Jefferson County

- a. The minimum size for walleye and saugeye is 15 inches in length.
- b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

27. Beaver Creek – Gunnison County

- a. Cutthroat trout regulation #108 A applies.

28. Beaver Creek – Mineral County

- a. Cutthroat trout regulation #108 A applies.

29. Beaver Creek, West – Gunnison County

- a. Cutthroat trout regulation #108 A applies.

30. Beaver Creek Reservoir – Rio Grande County

- a. Snagging for kokanee salmon is permitted from October 1 through December 31.

31. Big Bend Creek – La Plata County

- a. Cutthroat trout regulation #108 A applies.

32. Big Creek Lake (Lower) – Jackson County

- a. The bag and possession limit for lake trout and/or splake is three fish, only one fish greater than 26 inches in length.

33. Big Thompson Ponds – Larimer County

- a. The minimum size for smallmouth and largemouth bass is 15 inches in length.

34. Big Thompson River – Larimer County

- a. From the base of Olympus Dam at Lake Estes downstream to the bridge at Waltonia:
 1. Fishing is by artificial flies and lures only.
 2. All trout must be returned to the water immediately upon catch.

35. Black Hollow Creek – Larimer County

- a. From the headwaters downstream to the confluence with the Poudre River:
 1. Cutthroat trout regulation #108 A applies.

36. Blanca Wildlife Habitat Area (BLM Ponds) – Alamosa County

- a. The minimum size for smallmouth and largemouth bass is 15 inches in length.
- b. Fishing is prohibited from February 15 through July 15.

37. Blue Mesa Reservoir – Gunnison County

- a. Ice fishing shelters must be portable.
- b. The bag and possession limit for lake trout is eight fish.
- c. Snagging of kokanee salmon is permitted from November 1 through December 31.
- d. From the Coal Creek inlet at Blue Mesa Reservoir:
 1. Fishing is prohibited from the high water line at the reservoir upstream for 1 mile from January 1 through June 30.

38. Blue River – Grand and Summit Counties

- a. From the north inlet at Summit Co Rd 3 (Coine Valley Rd. 3 miles north of Breckenridge) downstream to the Colorado River, excluding Dillon Reservoir and Green Mountain Reservoir upstream to the first Colo 9 bridge.
 1. Fishing is by artificial flies and lures only.
- b. From the north inlet at Summit Co Rd 3 (Coine Valley Rd. 3 miles north of Breckenridge) downstream to Dillon Reservoir.
 1. The bag and possession limit and minimum size for trout is two fish 16 inches in length.
- c. From Dillon Dam downstream to the north city limits of the town of Silverthorne.
 1. All trout must be returned to the water immediately upon catch.
- d. From the north city limits of the town of Silverthorne downstream to Green Mountain Reservoir dam, excluding Green Mountain Reservoir.

1. The bag and possession limit and minimum size for trout is two fish 16 inches in length.
- e. From Green Mountain Reservoir upstream to the first Colo 9 bridge over the Blue River
 1. Snagging for kokanee salmon is permitted from September 1 through December 31.
- f. From Green Mountain Reservoir dam downstream to the Colorado River:
 1. All trout must be returned to the water immediately upon catch.

39. Bobtail Creek – Grand County

- a. From the Denver Water Board Diversion upstream to the headwaters:
 1. Cutthroat trout regulation #108 A applies.

40. Bonny Reservoir – Yuma County

- a. The minimum size for smallmouth and largemouth bass is 15 inches in length.
- b. The minimum size for walleye and saugeye is 15 inches in length.
- c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

41. Boss Lake – Chaffee County

- a. Cutthroat trout regulation #108 A applies.

42. Boulder Creek – Boulder County

- a. From the upper end of Ebin Fine Park (within the City Limits of Boulder) downstream to 55th St:
 1. Fishing is by artificial flies and lures only.
 2. All trout must be returned to the water immediately upon catch.
